My Best Days pt 4: I'm Walking in Victory

In this lesson you will learn three ways to walk in victory for your life.

Intro: Gen 11:27-32 – Terah, the father of Abraham, stopped on the way to the promised land. He stopped progressing and settled down in a place that reminded him of his painful loss from the past. Don't stop, don't settle, and don't get stuck at a heartbreak. Rise above it. Wake up, rise up, grow up, and show up. Some of us have stopped walking in victory because life did not go as planned. It's time to get back up and take hold of the life that God wants you to have, the abundant life.

I. Visualize the Victory

- A. You have to see yourself in your mind's eye walking in victory before it manifest in your circumstances (Psa 27:13). You cannot have a defeated mentality and live a victorious life. Put on a fresh new attitude of victory. You are not a victim, but a victor. God is going before you and preparing the way for victory. Live with the expectant hope of victory.

II. Verbalize your Victory

- A. Decree your victory before you see the victory (Job 22:28). Talk yourself into victory. Stop speaking negatively to yourself. Don't give fuel to the negative feelings by speaking it out. Turn your confession around. Let the weak say I am strong. Defeat those negative thoughts and feelings with a faith filled confession of God's Word.

III. Move towards your Victory

- A. Stop living in a defensive posture and mindset and start taking an offensive approach towards the enemy. Victory is motion-activated. Be bold and take a step of faith toward your victory. David did not stand still when confronting Goliath. He ran toward the giant. Jesus lives on the inside of you and he always causes you to triumph (2 Cor 2:14)!

Discussion Questions

1. What does victory in your life look like?
2. What faith filled words can you speak over your situation?
3. What action steps can you take to move toward your victory?
